

Little Rock Police Athletic League

Offering structured and personal guidance in a safe and friendly environment through physical and creative activities

The Little Rock Police Department's Police Athletic League (PAL) is working with young people in the hope of providing positive leadership and team building through sports and the performing arts. Today's tough economic conditions make it difficult however, for us to meet those needs without help from people like you. We know that you, too, want to make a difference in the lives of young people so we are asking for your help.

The Little Rock Police Department incorporated with the National Police Athletic League in 2009 allowing the Police Athletic League (PAL) to assist in educational, recreational, and athletic activities to create trust and understanding between police officers and the youth in the community. Our work is only possible with the assistance of generous donations from members of the community.

The goals of PAL are to offer structure and personal guidance in a safe, friendly environment through a number of physical activities including, but not limited to baseball, basketball, golf, cheerleading, soccer, swimming, music, dance, drama, and others. For more information about PAL, please visit the national website at www.nationalpal.org.
